

**Maryland Senatorial Candidate Eric Wargotz Wants to see More Coming Together and Less Whining and Finger Pointing by Obama Administration.**

In a recent poll, Dr. Wargotz was leading Senator Mikulski in Baltimore County – her strongest voter base. This is important because Dr. Wargotz is expected to carry the rural vote, which combined with a lead in the large urban areas, would get him elected.

Echoing the words of nearly every guest on Truth for America, Dr. Wargotz maintains that jobs and the economy are the largest issues facing voters. “Nothing would stimulate the economy faster than cutting taxes on corporations and for the average citizen.”

“The immigration system is broken and needs to be reformed. It needs to be less cumbersome so that immigrants who want to come to this country legally can do so. This is the only way to attract the skilled foreign workers that we need to sustain our economy. But that also means securing our borders and not rewarding bad behavior,” said Dr. Wargotz.

Dr. Wargotz thinks that General McChrystal, like many in command, voiced his frustration over a war being run by “arm chair quarterbacks instead of the quarterbacks on the field.” Although he didn’t condone McChrystal’s ill-advised remarks, he believes that there was some validity to his statements and that the Administration should have been listening to his perspective.

**R**eturning as a guest on the nationally syndicated “Neal Asbury’s Truth for America Show” on WZAB-AM, was Dr. Eric Wargotz, Republican U.S. Senatorial Candidate for Maryland and current Maryland Commission President. An experienced leader and activist; a physician-businessman, conservative, and conversationalist, Dr. Wargotz knows what it takes to work as a team and to build consensus on difficult matters. Wargotz is seeking the Republican nomination for the seat currently held by four term incumbent Senator Barbara Mikulski.

“Aren’t we all sick and tired of the Administration’s whining and finger pointing? We have to come together. The Administration is out of touch. We need to get things done in common sense ways. None of the issues matter unless we get the economy straight,” said Dr. Wargotz.

Dr. Wargotz thinks that most people do not want to see illegal immigrants granted amnesty. Even his own ancestors came through Ellis Island and took the legal path to US citizenship.
